### How to Order

Write your name, classroom, teacher's name, and what you would like for lunch on a snaplock bag or envelope.

Place your order in your classroom lunch order box, or in the box on the canteen counter if you are in high school (you can put all sibling orders together, ensure you include information for each child). Make sure you include the correct money in Australian currency only. DO NOT sticky tape coins to paper or to each other, it is very annoying to have to pull apart, and make sure your writing is not so tiny we need to use a magnifying glass to read it!
