## Principal's Message

Assalamu-Alaikum Warahmatullahi Wabarakatuh

Alhamdulillah, Langford Islamic College is thriving with excellent academic and Quran Competition results. Students and staff work exceptionally hard to achieve high academic standards and the senior management team takes the task of discipline and mentoring of students diligently. This enables the College to maintain high standards of discipline and sustain productive learning in all classrooms.

The new High School classrooms located in the 'J Block' have provided much needed learning spaces to cater for increasing student enrolments. In addition, the new administration building with a larger reception and six offices also provide better administration facilities. I take this opportunity to convey our gratitude and gratefulness to the Australian Commonwealth Government for its generous Capital Grant of \$880,000 to build this wonderful facility. Our gratitude is also extended to the State Government and the Association of Independent Schools of WA (AISWA) for their invaluable assistance with this project. There are plans to build more classrooms, labs and upgrade facilities in 2017 as our student population continues to grow.

This year, we have 31 Year 12 students and the numbers are expected to double by 2018. I am confident that our students will perform well in their ATAR exams and gain university admission into courses of their choice, Insha-Allah. I would like to congratulate Mahsa Huq for her outstanding performance in International and National competitions. Mahsa is not only the top student in Western Australia but also, one of the top students in Australia.

I have the best team of teachers, non-teaching staff and Parents & Friends Association. Every individual in this College has contributed through terrific teamwork to the great success that we are witnessing. I take this opportunity to extend my heartfelt appreciation to all my Colleagues for their hard work and dedication to making Langford Islamic College a happy and harmonious College where students are excelling, Alhumdulillah! **Dr Popie H. Rhaman**
