A special thank you to all our parents/guardians who provided the essential support and guidance at home for their children to excel at school. It is undoubtedly teamwork at its best. # What Children Really Want from Sport?

Sport provides many valuable learning experiences, but for most children enjoyment is the most important outcome. If they don't have fun, they will not want to play. Ask children and you'll discover that scoreboard, trophies and winning are not really that important. While they may not remember the score from a game played just two weeks ago – they will recall a funny incident or who they played with after the match.

The senior team fulfilling salah during a break in competition.

School Futsal Titles are held by the West Coast Futsal Association. Playing against some Fifa football scholarship schools like Lynwood Senior High School, Morley Senior High School and Ashdale Secondary College, our teams fared pretty well as well as having loads of fun. Here are the results:

- U15s – fifth (just missed out on a semi-final)
- U16s – third (lost in the semi-final)
- U19s – sixth (missed out on semi-finals on goal difference)

In fact, one of the most satisfying things about sport for children comes from being with their friends and being part of a team. At Langford we emphasise the importance of effort and fun, rather than the score.

## LIC's sporting ethos

- ⇒ Effort and having fun, not just winning.
- ⇒ Fairness and fair play.
- ⇒ Teamwork and dedication.

# An Exciting Time for Year 2 Gold

This year is whizzing by quickly and it feels like just yesterday we prepared our magnificent art work for the Semester 1 Ramadan display. This was a great highlight for all Year 2 classes and it was an opportunity for everyone to work together, cooperate and show-off their artistic flair. The art work incorporated the story of Prophet Musa who learnt many lessons about life during his long journey to the Promised Land. This Quran story titled 'The Wise Man and the Prophet Musa' came to life in a beautiful artwork through the hard work, dedication and enjoyment of all Year 2 students.

The striking shimmery fish and boats were created by all of my wonderful Year 2 Gold students. Year 2 Gold used various colours and plenty of bling and glitter to decorate the fish, while the boats were decorated with natural material and paint to make them look realistic. The finished display was one fascinating piece of visual art that was almost 10m in length!

As you move from left to right the story of Prophet Musa unveils in front of you. It was truly a fantastic experience for all students and it is a magnificent piece of art.

## Year 2 Gold

By: Mrs B Lisek

This Semester Year 2 Gold welcomed a new student by the name of Maisha! We all hope that she will enjoy her time in our class. This term the class has working on several new concepts. Under literacy, the class is currently working on procedure and descriptive writing. In Mathematics, we are learning multiplication. In Science, we are learning about the Earth's resources and in History & Geography, about Australian historical sites as well as Indigenous Australian connections.

We are looking forward to an excursion to the Western Australian Shipwreck Museum to further our knowledge about important historical sights and their history.
