Principal's Message

Assalamu-Alaikum Warahmatullahi Wabarakatuh

Welcome to Term Four, 2018. I hope everyone had an enjoyable and relaxing holiday and are energised for a very busy term with many activities and events scheduled to take place including Quran Competitions, Graduations and Award Ceremonies.

Our College has once again performed very well in NAPLAN. I congratulate all students and staff for their fantastic effort and hard work which has placed LIC among the top private schools in WA, Alhamdulillah. We have a beautiful school with high academic standards and a very strong demand for places.

It is my pleasure to welcome Mrs Kumeshini Haripersad to LIC, this term. Mrs Haripersad will be taking on the Business Manager's role. The Management Team is looking forward to working with Mrs Haripersad to take the College forward. Towards the end of this term, we are commencing our car park upgrade for the small car park which will have an additional 72 parking bays. Once completed, this extension will enable more parents to park inside the College.

It is important to respect our neighbour's property and privacy. Please keep within the speed limit in Norbury Way, Osten Drive and Jamaica Crossing (40km/h) and do not park on lawns, drive ways or verges. Parents are reminded that it is their responsibility to supervise their children in the College car park at all times. Talking in the car park should be kept to a minimum with the focus being on the supervision of children. Please be reminded that the speed limit in the car park is 20km/h and ensure you do not exceed this limit as the safety for our children is a priority.

Our Year 12 students will continue to attend school until Friday, 19 October 2018, Insha-Allah. On behalf of all students and staff at Langford Islamic College, we wish all our Year 12 students the very best for their upcoming WACE exams and their future endeavours, Insha-Allah.

I look forward to an exciting term to finish a wonderful year and to seeing the Year 12 class of 2018 at our grand graduation ceremony, Insha-Allah.

Dr Popie Hossain Rhaman

2018

Upcoming Events

- ◆ **HeadSpace Workshop (Week 1)**
- ◆ **Lower Primary School Sports Carnival (25 October 2018)**
- ◆ **Annual Quran Competition (8 & 13 November 2018)**
- ◆ **WACE Exams (Week 4-Week 6)**

In This Issue

- ⇒ **Funtastic Camp 2018**
- ⇒ **Glimpses of Year 3 Violet**
- ⇒ **Exploring Our Five Senses in Kindergarten Orange**
- ⇒ **Field Trip to Mandurah Estuary**
- ⇒ **Community Outreach Programme**
- ⇒ **LIC Alumni**

Funtastic Camp 2018

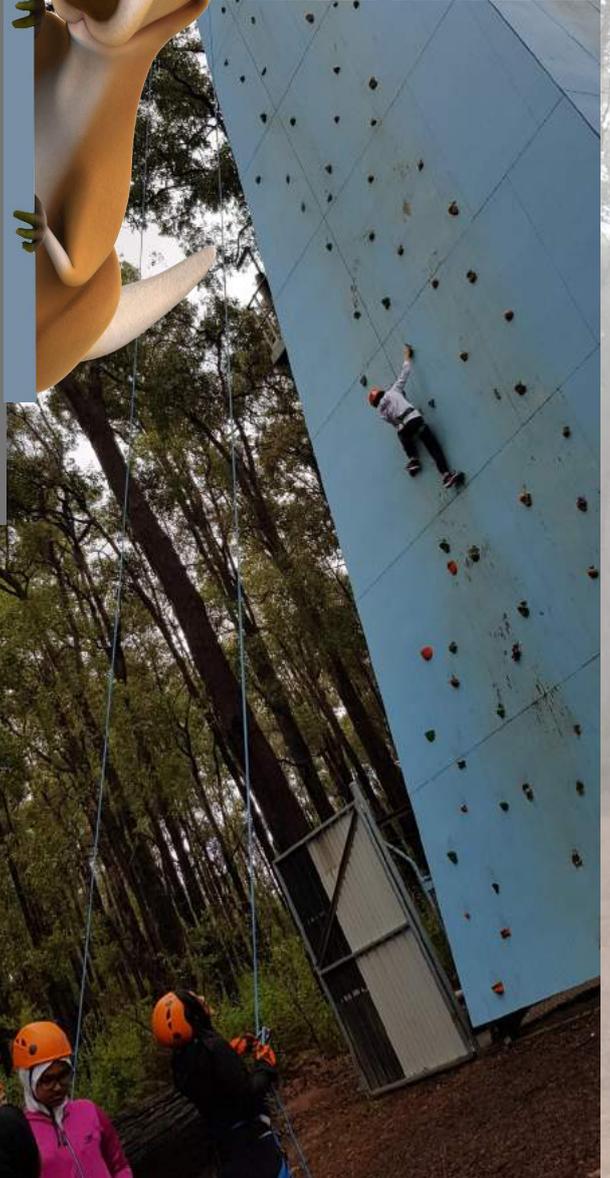

This year's camp was exhilarating and was full of entertainment. During Week 5, students enjoyed the 2 nights and 3 days stay at Nanga Bush Camp. This camp was full of fun and excitement, which brought nothing but good comments. Everyone enjoyed the misty morning walks and delicious food cooked by Sr Suriati. Students learnt and discovered many new skills such as team work, risk-taking and survival skills as they underwent many sensational activities including rock climbing, flying fox, low ropes, water-based challenges and team building challenges. The highlight of this camp was the bonfire where everyone gathered around to roast marshmallows and tell stories. These activities were not only fun but it let you conquer your fears and allowed you to push yourself harder to achieve something. This year's camp was a wonderful outdoor experience.

Glimpses of Year 3 Violet

Alhamdulillah, how time flies!! Term 3 is already over! Here are some lovely snapshots to capture the beautiful memories shared through the year:

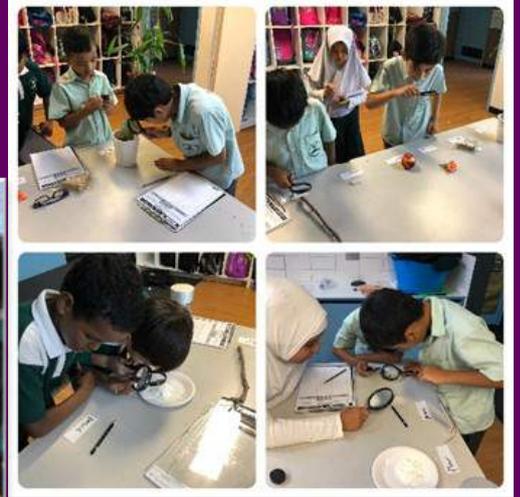

In Term 2, the class went to Bounce as a reward for their effort and hard work in NAPLAN. They had a great time bouncing on the different trampolines and playing Slam Dunk and Dodgeball.

In Term 3, the class went for an excursion to Scitech as they were learning on the Planets and the Solar System. The excursion included the planetarium where they observed the night sky, Solar System and beyond. They then had lunch and played at King's Park.

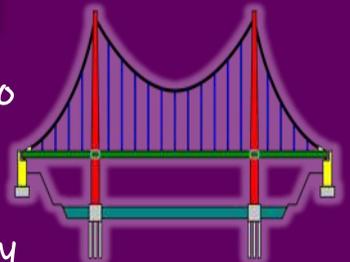

In class, the students always look forward to Science experiments and investigations as it brings out the inner scientists in them.

One of the Art activities was to paint and design a jewellery tree which was then used as a Mother's Day gift as a form of expressing their love.

In Term 3 for Design and Technology, students had to design and build bridges that could support the weight of a moving toy car. The groups had to come up with creative and innovative designs. More importantly they learnt to work together as a team. The results were amazing as they came up with interesting bridge models.

KINDY ORANGE EXPLORING OUR FIVE SENSES

Sense of Smell ~ A trip to the “Herb Garden”, was fun and exciting. The children enjoyed the smell and the taste of the different herbs like basil, mint, rosemary, curry leaves etc. They participated in an activity where they had to guess the contents of the mystery containers by using their sense of smell.

Sense of Hearing ~ The children played with sounds. They compared sounds of different instruments. They also made paper plate spin drums. They enjoyed a game of “Sound Hunt” around the school.

Sense of Touch - The students eagerly participated in a “Feely Walk”. They walked through trays of different objects like bubble wrap, sponge, spiky balls, sand, etc. They were delighted to have a go at playing with shaving cream.

Sense of Taste - Learning about taste was so much fun. The kids had to categorise the different foods based on its taste. They were encouraged to taste sugar, salt, lemon, and dark chocolate. We cooked popcorn in the microwave and the children were encouraged to use relevant vocabulary to link information about the different senses.

DOLPHIN GEOGRAPHY CRUISES

YEAR 10 Geography Field trip to the Mandurah Estuary 2018

This year all our Year 10 Geography students cruised around the Mandurah Estuary to observe the management strategies already in place to protect the coastline and marine life from human activity. Prayer in the Performing Arts Centre and lunch on the foreshore rounded up a wonderful day for all.

A big thankyou to our HASS teachers, Ms. Nathan, Sr Munira and Mrs Nelson, as well as our school bus drivers who made it all possible.

Education officers provided a constant stream of professional information for students to soak up.

Everyone rotated in small groups from indoors to the bow to look for dolphins.

Plenty of opportunities to see how Rip-Rap Revetment works to reduce shoreline erosion.

COMMUNITY OUTREACH PROGRAMME

With the donations of non-perishable food items received from all of you last term, we were able to pack 32 boxes for the Community Food Hamper WA project (CFH) Alhamdulillah. Br Faran from CFH was at our school on Wednesday, 29th August 2018 during Co-curricular to guide us through the experience of packing boxes.

Students had worked tirelessly to bring all the non-perishables in one central location from every class room in the school. They then divided and packed every box that had the same food items.

They loaded up Br Faran's car so that he could deliver them to the various charity organisations within our community.

It takes a great deal of organising, liaising and team work to be able to successfully participate in such a project. Maa shaa Allah, I am very proud of the High School students who have worked hard throughout the year for this worthy cause.

The boxes that we packed meant that 32 needy families in our community had food on their tables for about a week. Jazaak-Allahu khairan for all your generous donations. Please remember that this is an ongoing project and donations are ALWAYS welcome. You can send donations through your child to their teacher and High School Community Service Group will come and collect it from the class .

It was narrated from Abu Hurayrah (may Allah be pleased with him) that the Messenger of Allah (peace and blessings of Allah be upon him) said: "Allah said: 'Spend, O son of Adam, and I shall spend on you.'" Narrated by Al-Bukhari, 5073; Muslim, 993.

By: Sr Munira Parkar

Last month, some students from Year 7-Year 10 volunteered their time through the Chorus WA Volunteer Taskforce (www.chorus.org.wa). It was the first time that students from Langford Islamic College participate in such work. We hope to make this an ongoing activity that we are able to offer at our school. More about our experience and activities in shaa Allah in the next Nnwsletter.

On Friday, 21st September 2018, students volunteered their time cooking for the Homeless once again. We cooked pasta and sent it to the Homeless on the same day through our volunteer brothers at The Homeless Run.

Once again, I would like to take this opportunity to say Jazaak Allahu khairan to all the students, parents, staff and LIC family for their generosity in making all of these activities possible. None of the work would have been possible without your efforts. In shaa Allah we will keep you posted on our future projects and activities.

**LIC is excited to announce
our ALUMNI 2018 - 2019
COMMITTEE
First launched on
30 April 2018**

CHAIRMAN: Dareen El Lagta
VICE CHAIRMAN: Zahraa Syed
MEMBERS:

- | | | |
|----------------|-----------------|-----------------|
| * Dihni Matan | * Safia Barre | * Alla Abu Abdu |
| * Aatiqah Syed | * Umairah Diran | * Ahmed Matan |

ADVISOR: Ms Suriati Raip

We invite other ex-LICians to join our Alumni Committee

Our Body Safety Rules

I am the boss of my body. I know the proper names for my private parts. No one should touch them except me.

I can talk with someone about anything no matter what it is

We all have the right to feel safe at all times.

It's OK to say NO or STOP if I feel uncomfortable or confused about any sort of touch.

This includes hugs and kisses from people I know and love.

I know 5 trusted adults who will help me if I feel any of my Early Warning Signs.

NO! GO! TELL!
